

HAPPENINGS ABOUT TOWN

COAL SITUATION
RELIEVED HERE

Fourteen Cars Arrive and Sudden Rise in Temperature Reduces Suffering.

Decided improvement in the local coal situation was reported by the fuel administration Wednesday noon, following the arrival of six more cars of coal, making a total of 14 cars since Monday afternoon, and with the thermometer rising steadily to a point well above freezing.

"The crisis is far from over, however," declared L. P. Hardy, county fuel administrator, Wednesday. "It will be at least a week before we feel the effects of this thaw, that is, as far as supply is concerned. Even if the mines are able to begin production again today in full force, the result will not be apparent at this distance for a number of days, for it will take some time to get the coal here."

The demand for coal continues, although the number of calls to the fuel administrator's office has fallen off considerably. People who are entirely out of coal still want to buy, but the fear that small supplies will not last has been allayed.

Weather helps. The amount of consumption, too, has been greatly reduced by the warmer weather, says Mr. Hardy. In normal times, zero weather means the burning of about 20 cars of coal per day in South Bend homes, and the increased temperature naturally decreases the amount of coal needed to keep homes comfortable.

The thaw is expected to make it more possible to get fuel to the various tracts of timber which have been offered for use as fuel. A number of acres of woodland have been placed at the disposal of the fuel administrator, and those who wish to go out and cut wood will be able to do so. Anyone wanting to get wood in this manner should apply at the fuel administrator's office, where information as to location, and other particulars, will be given.

Cut Pops Now. "Poplar trees should be cut now," said Mr. Hardy. "Poplar wood is not much good for fuel right after it is cut, but if people will cut the trees and split them up now, the March winds which will be starting shortly will dry the wood in short order. We will need fuel in March and April, and the wood will fill the requirement very satisfactorily."

The names of 19 men named by the fuel administrator to act as assistants were given out Wednesday. These men, who are members of various civic clubs about the city, will act as investigators, looking up those in need of coal, and reporting all worthy cases. Cases of hoarding will also be reported.

The men named are Edward Moritz, E. L. Perkins, C. B. Eddy, J. F. McCave, E. W. Morse, D. E. Coomer, O. D. Britton, E. J. Luther, W. C. Erler, W. L. Augustine, Harvey Gintz, William Snook, L. M. McCormick, George Odehick, L. H. Schuster, O. L. Wise, J. A. Newcomb, W. H. Freshley and E. O. Neidhardt.

OPEN HOUSE AT Y. W. C. A.
ON COALLESS MONDAYS

On the seven fuelless Mondays which are to come, the Y. W. C. A. will keep open house for the benefit of any girl in the city who wishes to have some place to spend the day. The girls are cordially invited to bring their sewing or knitting and to make themselves thoroughly at home.

In the evenings, there will be social period from 7 o'clock until 9. For next Monday, the members of the Mary Ann club of the Studebaker corporation will be hostesses and one of the features of the evening will be a basket ball game. Members of the Business Women's Bible class will have charge of the program on the Monday following.

Officers will be elected at a meeting of the board of directors of the association to be held Thursday morning at 9:30 o'clock. Mrs. George Wyman's Bible class will meet Thursday afternoon at 2 o'clock.

HAS APPLICANTS FOR
TREES, BUT NO TREES

Street Commissioner Layton is having his troubles with the poplar tree fuel proposition.

The other day Mr. Layton, in endeavoring to supply trees to those without fuel, had more trees than he could find applicants for them. Wednesday the street commissioner reported that he has about 50 more applicants for trees than he has trees. He is waiting for property owners who want their poplar trees removed to notify him.

REAL ESTATE TRANSFERS.

Emeline Matthews, Gdn. to Mary E. Ritter, lot 11 Meirose addition, \$150.

Julius Seeburger to Francis M. Whitmer and wife, lot 21 Seeburger's E. Michigan st. addition, \$1.

Charles E. Smith to Paul Goddard and wife, lot 125 North West addition, also lot 46 Talbot's plat, \$1.

Gallitzen A. Fritsch and wife to Joseph A. Werwinski, 60 acres in Union township, \$4,800.

Bert J. Zahorek and wife to John Lasek and wife, lot 11 Lincoln Park first plat, \$1.

"Salsad," three-in-one softens water, washes, cleans. "Salsad" has a personality. Ask a user. Buy of your grocer.

DEATHS

ALBERT D. JAQUITH, a Civil war veteran, died shortly after noon Wednesday at the home of his son, E. B. Jaquith, 606 E. DuBall av. He is survived by two sons, E. B. Jaquith of this city, and Louis H. Jaquith of Aurora, Ind. He was born in Dearborn county, Indiana, Sept. 15, 1821, and has lived in South Bend 80 years.

He was a lieutenant in Co. D, 48th Indiana regiment during the Civil war.

HOME GUARDS ACCORD
MILITARY HONORS TO
BODY OF CAPT. PAYNE

Accompanied by a unit of the home guards, the body of Capt. Dewitt Payne was taken to River-view cemetery Wednesday afternoon and placed in the receiving vault there. Officers of the home guard companies acted as pallbearers, and a firing squad was detailed to accord military honors to the body.

Rev. A. M. Eells officiated at the services, which were held in the A. M. Russell chapel at 2:30 o'clock.

Pitiful Tale of
Coalless Home is
Prisoner's Fake

Louis Sully, 1311 1/2 W. Washington av., who was arrested by the police Tuesday night on a charge of stealing coal from the New York Central tracks, admitted Wednesday that he had "put one over" when he told the pitiful story of stealing the coal to save the life of his wife and day-old babe.

He further admitted that he had at least a week's supply of coal at home, and that the coal he had been found taking from the tracks was intended for his barber shop at 2104 W. Division st. The police believe that Sully was also supplying coal for a saloon near the barber shop. His case was continued in city court Wednesday morning in order to give the police an opportunity to conduct a further investigation into the matter.

Asst. Chief of Police Cassidy sometime ago issued orders for the men of the department to investigate all cases wherein families of men arrested for stealing coal are likely to be suffering for lack of fuel, and to give all relief possible. An investigation of the Sully case proved that the wife and baby were not suffering from that cause.

MAKES 1,400 FINGER
PRINT SETS IN 3 DAYS

Sergt. William Barnhart has been an exceedingly busy man during the past three days, and that means not only mentally but physically busy as well.

Since 6 o'clock Monday morning, when the registration of male German alien enemies began at the police station, Sergt. Barnhart has made more than 1,400 sets of finger prints, three sets for each German alien registered, and there have been nearly 500 persons registered during the past three days.

All of the blanks sent by the department at Washington to Chief of Police Kline for the registration have been used, and there is now a shortage of these blanks in South Bend as well as in other cities of this part of the state. Kline is reported not to have received any, and Mishawaka is exhausted its supply. Chief Kline started out with 3,000 blanks, and asked for 500 more, but he has not yet received them. This is in spite of several letters and telegrams to the department at Washington.

ENROLLMENT AT HIGH
SCHOOL IS NOW 1,180

With the addition of 146 freshmen, just over from the grammar school, the enrollment at high school for the second semester, beginning Monday morning at 9:30 o'clock, is now 1,180, according to Principal J. S. McCowan. Many of the boys in school, says Mr. McCowan, are enrolling in various branches of service, and are being put on reserve lists until after the school term ends. This may reduce the total enrollment after the work of the semester really begins.

Solid session—school running until noon only—is the program for this week; to allow the adjustment of classes. The students have been asked to help out in war work for the afternoon this week, and many have agreed to devote their time to the making of bandages, and similar articles, at local Red Cross rooms.

PAIR OF ARCTICS LEADS
MAN TO PENAL FARM

A pair of arctics, stolen from a W. Division st. store, worn by a man in the army, and later worn by Y. Zalaz, will lead the latter to the state penal farm for a period of three months.

Zalaz was arrested Tuesday night on the charge of petit larceny. He was charged with taking a pair of heavy arctics from the store of Joseph L. Lerman on W. Division st. in city court Tuesday morning. Zalaz told the judge that he was in the crowd of young men who took the arctics, and that after the man who stole them had joined the army, he gave them to him. The judge did not like Zalaz' story, so he fined him \$5 and costs and sentenced him to 60 days on the penal farm.

FATHER AND SON
WEEK HERE FEB. 11

Y. M. C. A. Plans Local Observance With Special Meetings and Services.

"Father and Son" week will be observed in South Bend beginning Feb. 11, with a series of special meetings and exercises held at the Y. M. C. A. with a supper (in pre-Hooverian days called "banquet") at which fathers and sons of the city will unite in a big "get-together" meeting.

Next Sunday will be "Father and Son" day in the churches here, ministers having agreed to preach special sermons to fathers and sons of their congregations on that day, this action having been taken by the local ministerial association.

Gov. James P. Goodrich of Indiana has endorsed the "Father and Son" movement in the following statement:

"The disturbing influences of war times affect the entire nation, but most seriously the boy life of the country.

"In keeping the boy life normal and strong, sweet family ties are essential. I, therefore, take great pleasure in responding to the invitation of the leaders of the Father-and-Son movement and desire to remind the people of Indiana of the social value and the high consequences for sound morality in bringing fathers and sons into closer companionship.

"The week of Lincoln's birthday—Feb. 11-17—is to be appropriately marked by the holding of father and son suppers and Red Cross exercises. This plan is to be carried out not only in every state, but in the camps of our soldiers in this country and in France.

"I trust every community in Indiana, therefore, will join heartily with this movement and resolve that in the future our boys shall be more our companions and our fathers more our comrades, thus both adding to the sweetness of our private life and to the value of our citizenship."

"Father and Son" week is a nation-wide movement, which has grown up under the leadership of churches and the Y. M. C. A.

Samuel Parker, member of the South Bend Rotary club, addressed the organization Wednesday at its noonday luncheon at the Oliver hotel in an appeal to each individual member of the club to give his utmost support and help to the raising of a fund of \$2,000 monthly for the purchase of surgical dressings, etc., for the Red Cross. Mr. Parker's remarks were made following the reading of a report made in letter from Abe Frank, chairman of the committee appointed for the purpose of conducting the campaign among the members, who was unable to present at Wednesday's meeting.

Mr. Frank's report was anything but encouraging, in fact was a criticism in decidedly plain language of those members who had not as much as replied to his communication, requesting their assistance in money or labor in the matter. His report stated that out of 120 members of the club addressed but less than 60 of them had even replied to his appeal even though a stamped envelope had been enclosed with Mr. Frank's original letter. At the completion of the reading of Mr. Frank's report by Dr. C. A. Lippincott, Rotarian Parker lost no time in making known his sentiments in the matter. At the closing of Mr. Parker's remarks he was greeted with prolonged applause and an unanimous standing vote in the favor of the club members' doing their individual parts in bringing the campaign to a successful termination.

William Mitroks, proprietor of a "club" at 207 N. Michigan st., was arrested at an early hour Wednesday morning on a charge of operating a blind tiger. He will be given a hearing in the city court Saturday morning.

A quantity of liquor was found in the place, along with several decks of cards. None of the frequenters of the place were placed under arrest.

CLURO MEYERS GUILTY
OF CHILD DESERTION

Special Judge Barry Scanlon Wednesday afternoon, in city court, fined Cluro Meyers, 617 E. Wenger st., \$300 and costs upon Meyers' conviction of child desertion. Judge Scanlon suspended the fine on the condition that Meyers furnish a \$200 bond to insure the payment of \$3 a week for the support of his child, which is five years old.

A Negro named Holland bought the third car for \$160. Later he refused to pay for his purchase. Sheriff G. S. Johnson declares he will sue the Negro and force payment.

RISING WATERS CREEP
OVER INDIANA FARMS

International News Service: EVANSVILLE, Ind., Feb. 6.—Farmers in the lowlands along the lower Ohio, Wabash and White rivers scurried to higher ground when rapidly rising waters today crept over their farms.

The jam here still held today, and the river gauge showed 35.7 feet—more than a foot and a half above flood stage. It was believed, however, that the river will not go much higher as much water is seeping out underneath the gorge.

STANDARD OIL HAS
ANNUAL MEETING

Policies of marketing for the coming season were outlined at the annual spring meeting of the agents and tank-wagon men of the South Bend division of the Standard Oil Co., which was held in the Rotary room of the Oliver hotel Wednesday. D. L. Guilfoyle, manager of the division, E. P. Galbreath, assistant manager, and heads of various departments, including T. E. Cass, W. P. Cass and J. J. Marcus, addressed the meeting.

Similar meetings are to be held at a number of other points in the South Bend division of the party from here leaving Wednesday evening.

SUSPICIOUS FIRE IN
U. S. STOREHOUSE

NEWPORT, R. I., Feb. 6.—A fire of suspicious origin today partly destroyed \$200,000 worth of government supplies in the storehouse on City wharf. Four naval reservists who were asleep in a guard room on the wharf received minor burns. Federal and state authorities started an investigation.

TO OPERATE ON T. R. International News Service: NEW YORK, Feb. 6.—Col. Theodore Roosevelt is shortly to be removed to the Roosevelt hospital here to undergo another operation. It was learned today. The ex-president was operated upon for an abscess several days ago at his Oyster Bay home.

WHO'S BOSS?

City Dump Commissioner Says Mayor Can Have the Job if He Has Any More Trees Cut.

Who is the boss of the city dump, Mayor Carson or the Dump Commissioner Fred Wicker? Early Wednesday morning City Water Supt. Luther received an incoherent message over the telephone from an excited person at the other end of the wire.

Mr. Luther was able to make out that 50 men were cutting down as many trees on the city's property near the Portage av. dumping grounds.

The water superintendent rushed to the police station with his information. Officers Cutting, Plater, Kozarowski and Isaacson hurried the patrol wagon from the barn, but first among themselves to the teeth, as it were, and then rushed the wagon to the scene of the reported disturbance.

Here they were unable to find 50 men, much less 50 trees. There appeared to be, or to have been, only two trees on the dump ground, and three men were busy cutting up one of the two trees.

They told the officers that Mayor Carson had given them permission to cut down the tree for fuel.

Mayor Carson admitted to the police when called up that he had given the permission.

"Well, if Mayor Carson is going to run this dump, let him come here and run it," argued Cutting, Plater and Isaacson. "These men are taking the wood that should belong to me, and if Mayor Carson is going to give these trees away, he can come out here and run this old dump himself. I am through."

PARKER MAKES PLEA
FOR RED CROSS SUPPORT
AMONG THE ROTARIANS

Sen. Frelinghuysen asked if the war department expected to keep troops in the southern camps all summer.

"I can't answer that," replied Secy. Baker.

"My mind is open on that question. If we have as bad a summer as we have a winter it certainly would be necessary to remove some of them north."

REPORT RAILROAD
BILL TO HOUSE

Two Vital Changes Made in Measure by Commerce Committee.

International News Service: WASHINGTON, Feb. 6.—The administration railroad bill was ordered to the house today in connection with the interstate and foreign commerce committee this afternoon. Aside from limiting government control to two years after the war and striking out the workmen's compensation feature, the committee made only minor changes. The plan to compensate the railroads on a three-year basis was approved and the power of fixing freight rates was put in the hands of the president. An amendment proposed by Rep. Parker of New Jersey, to allow the railroads to operate their finances as heretofore without having to turn all money collected into the treasury was adopted. Another technical amendment was made to safeguard the right of employees to sue if injured while in the government service.

It was because of existing conditions that Railway Director McAdoo vetoed the proposition to call off workmen's money. And it all depends on the weather whether the prohibitive order remains in effect throughout March or is lifted before then.

Don't say you saw it in the newspaper. Say News-Times.

AUTOS USED TO HAUL
BOOZE ARE AUCTIONED

International News Service: OKLAHOMA CITY, Okla., Feb. 6.—The seeker after bargains in automobiles had a real festival the other day at the sale of three cars, confiscated by county officials, whose owners were using them to haul booze.

The three cars, not having been redeemed, were sold under the hammer.

One man, "Doc" Beatty, of Jones City, bought a car, whose owners are suspected of officials in which two men were shot, for \$135.

Constable John A. Denny bought the "loneliest" of the three cars for \$25.

A Negro named Holland bought the third car for \$160. Later he refused to pay for his purchase. Sheriff G. S. Johnson declares he will sue the Negro and force payment.

ENEMIES SUSPECTED IN
CONNECTION WITH FIRE

International News Service: ASHLAND, Ky., Feb. 6.—Enemies are suspected in connection with a fire which today burned the plant of the Ashland Leather Co. with a loss of \$50,000. The city's water supply is frozen and firemen were unable to extinguish the flames. Several large steel plants are located here.

MONEY AND EXCHANGE.

NEW YORK, Feb. 6.—Call money on the floor of the New York Stock Exchange today ruled at 4 per cent; high for demand, 4 1/2 per cent. Time money was quiet.

Rates were 3 1/2 per cent. The market for Prime Mercantile Paper was dull.

Call money in London today was 2 1/4 per cent.

Sterling Exchange was steady with business in Bankers' Bill at \$4.55 5/16 for demand, \$4.71 for 90-day bills, and \$4.70 for 90-day bills.

TOLEDO CASH GRAIN. TOLEDO, O., Feb. 6.—CLOSE: WHEAT—Cash, \$2.20. CORN—Cash, \$2.25. OATS—Cash, \$2.15. RYE—No. 2, \$2.15. BARLEY—No. 2, \$2.15. SUGAR—No. 1, \$2.15. SUGAR—No. 2, \$2.15.
